Houston Relocation Professionals

Recognized Regional Group
WORLDWIDE ERC[®]
THE WORKFORCE MOBILITY ASSOCIATION

MISSION Statement

HRP engages, educates, and unifies mobility professionals in the Houston area

BACKGROUND

Houston Relocation Professionals was founded by a group of global mobility professionals in the Houston area for the purpose of providing educational and networking opportunities to the local relocation and human resource communities. HRP has grown from a small group to a membership of over 200 mobility professionals.

BENEFITS of Membership

There is no better value in the relocation industry today than HRP. Programs feature topical relocation information and updates presented by experienced local and national relocation experts. A popular annual Roundtable Discussion Group is also sponsored by HRP as a forum for members to share challenges, solutions and benchmarking.

HRP Events

Several HRP Events offering educational opportunities, member interaction and networking are held throughout the year. All educational events are planned within Worldwide ERC guidelines to ensure that CRP (Certified Relocation Professional) recertification credits can be earned by attendees who hold this designation.

Outreach

HRP believes in supporting our local community. To that end, HRP and its members have supported various organizations through participation and with charitable donations each year through our Outreach Program.

WHO Can Join HRP?

- Individuals who assist employees in the relocation process as corporate representatives or as service industry representatives.
- Membership is open to anyone throughout the United States with employee relocation responsibilities.
- No specific years of experience or accreditation are required.
- Membership in HRP is on an individual basis paid by the company or the designated member. Considering HRP's affordable rates, companies may wish to underwrite membership fees for several employees.

HOW Can I Join HRP?

You can join HRP by visiting our web site: www.HoustonReloPros.org and clicking on the membership link.
